Milk the Absolute Essential

Experiments Show That Milk is an Essential Food That Cannot be Replaced by Any Other Element

SOME interesting experiments in food science were made by the Canadian Government. Experiment after experiment has shown that milk is the most vital of all the food elements available, and one of which does not die in substitution.

The Canadian Agricultural Experiment Station has conducted the most extensive, thorough tests of the value of milk in the diet of man. The results have been so conclusive that the Canadian Government has decided to make milk a compulsory part of the diet of all children in the country.

Little secrets on which Good Looks depend

SO many, many women could be true as attractive if they only knew how! Just a few little secrets on which good looks depend. All more understanding of the things that should be done to bring about certain specific results makes all the difference between looking dull and looking exquisite.

HOW TO PROTECT THE SKIN FROM SUN, WIND AND DUST

Every spring, when you take your skin very seriously, you must first of all protect it from the sun, wind and dust. The dust that enters the pores. Then, the next day your complexion is fresh, smooth—altogether lovely!

You can protect your skin from the sun by using a good sun cream. Before going out, rub a little Pond's Vanishing Cream into your face, neck and hands. As soon as it disappears, it can never come out again in a wrinkled shape. So it is absolutely guaranteed. Now the wind and sun cannot dry out your skin, the dust cannot work into the pores. Do this every time you go out. Your skin will stay soft, smooth, lovely.

HOW TO CLEANSE THE PORES AND KEEP THE SKIN CLEAR

For clearness, your skin needs an efficient cleansing system. A cream with no oil base. But in going to bed, an efficient pore face has been specially prepared to draw out the dirt from the pores of the face. It is called Pond's Pore Face Cream. It is the only cream that can be used at night. It is the only cream that can be used at night. It is the only cream that can be used at night.

HOW TO KEEP THE FACE SMOOTH AND UNLINED

Once a week, massage your face and neck with Pond's Face Cream. It is the only cream that can be used at night. It is the only cream that can be used at night. It is the only cream that can be used at night.

WHY YOUR SKIN NEEDS TWO

One without stop, the daytime and evening cream—Pond's Vanishing Cream. It will not clog the pores. It is the only cream that can be used at night. It is the only cream that can be used at night. It is the only cream that can be used at night.

"The Plug with the Hotter Spark"

Here is a spark plug with most of the good features of other plugs, and several exclusive advantages of its own.

The ball-point gives a larger, hotter spark.

The three-in-one terminal is adapted to any style of ignition, except Chevrolet, for which we supply a special model ball terminal.

The responsive centre electrode is 87 per cent nichelated, which reduces the danger of carbon fouling.

The "M. & S." porcelain is interchangeable—same porcelain fits all plugs.

Ask for "M. & S." Plugs at your garage or dealer's.

Somebody slips a new Columbia dance record into the Grafonola. Back go the rugs in a jiffy, and you're off with your favorite partner.

After that you can dance to your heart's delight with never a thought of stopping the motor when the end of a record is reached.

The Columbia Non-Set Automatic Stop, found in Columbia Grafonolas exclusively, is the only automatic stop that requires absolutely no setting.

You simply place the tone arm needle on the record, and the Grafonola stops itself just as the last strains die away.
